

**Repair  
Renew  
Remanufacture**

## Who is PSI Repair Services, Inc.?

The world's leading, single-source provider of component repairs, product enhancements, remanufacturing and replacement services.

That's right. PSI Repair Services is the world's largest independent **component repair** company for electronics, hydraulics, robotics and precision mechanical assemblies. Our repairs save customers up to 70% versus the cost of buying new components from the OEM. All repairs come with a **free evaluation and performance test**. For optimal peace-of-mind, PSI offers the most comprehensive **engineering services** in the industry, featuring state-of-the-art diagnostic equipment that provides powerful failure analysis, which can be used to make more informed maintenance decisions. In many cases, PSI's engineering team can enhance the performance of a faulty OEM component with superior, more efficient technology to further extend the component's life. For unsalvageable and obsolete components, PSI offers component **remanufacturing services** that are second to none. In addition, PSI offers **surplus parts** and **emergency services** for customers that need to get their critical systems back up and running again as quickly as possible.

## Why should you choose PSI Repair Services?

We offer:

- The highest quality repairs
- 24/48 hour emergency repair services
- Immediate delivery for exchanges and surplus components
- The best Engineering and Support Services Departments in the business.

### Examples of types of components we repair/service

AC/DC Servo Motor & Drives  
Ball Screws  
CNCs  
Encoders  
Gearboxes  
Hydraulic Pumps, Motors & Valves  
IGBT Banks

Inverters & Chargers  
PLCs  
Power/HUB Converters  
Power Supplies  
Printed Circuit Boards  
Resolvers  
RF Remanufacture & Testing  
Robotics

Rotary & Linear Actuators  
Servo Valves  
Spindles  
Tachmometers  
Traction Motors  
Transmitters & Transducers  
Vacuum Pumps  
*...and more*

### Industries we serve

Automotive  
Aerospace & Defense  
Bus & Trolley  
Food & Beverage  
Light & Heavy Rail  
Oil & Gas  
Petrochemical  
Plastics  
Pulp & Paper  
Semiconductor  
Steel  
Wind
